

PRODUCT SAFETY TESTING

Permshield™ product testing program is remarkably stringent. Permshield™ Luxury Vinyl Flooring products are tested to the latest standards for Volatile Organic Compounds (VOCs), formaldehyde, phthalates, and heavy metals. In fact, the standards used for the testing of phthalates and heavy metals in Permshield™ are the same standards used for the testing of children’s toys, setting a very high bar. Equally important is the fact that Permshield™ is FloorScore®, GreenGuard® Gold and Eurofins certified, thus ensuring it meets strict standards for indoor air quality.

DECLARATIONS & CERTIFICATIONS

FLOORSCORE® COMPLIANT
