The Ultimate Worry-Proof Flooring

Stone Plastic Composite SPC Floor Structure

SPC rigid core flooring, or Stone Plastic Composite flooring, is the latest revolution in resilient flooring construction. Designed with long waterproof performance, rigid core vinyl floors are your best bet for dimensional stability in bathrooms, kitchens, basements, offices and laundry rooms.

The planks themselves are completely waterproof and won't warp or twist with any amount of moisture.

Outstanding Durability

Our Armoured Dentproof Core Technology provides maximum durability and ultimate dent-proof protection for luxury flooring at its toughest and most beautiful design.

Our core technology is perfect for active and stylish homes. Additionally, all PermShield™ Collections are 100% waterproof, so planks won't ever swell, buckle or lose integrity when exposed to water.
